---

## OBJECTIVE

To work with an organization where can learn new skills and increase my abilities for the organizational goals as well as myself.

---

## KEY SKILLS

**Web Technologies :** HTML5 | CSS | Bootstrap | React | Angular

**Programming Languages:** C | C++ | PHP | JavaScript | Python | JAVA

**Databases:** MySQL

**Version Control:** Git, GitHub

---

## EXPERIENCE

**Software Development Intern – C-Infotech** (<https://citpune.com/web/>)

**May 2024 - Nov 2024**

- Created responsive, user-friendly web applications from scratch.
- Developed both frontend and backend components, optimizing data processing.
- Gained hands-on experience in database management, including query handling.
- handled version control and ensured clear, organized documentation.

## PROJECT

### Old Age Home Management System

**Tech Stack:** HTML, CSS, JavaScript, PHP, MySQL

A system for admins to manage senior citizen records, services, donor information, and inquiries. Admins can update, delete, and view statistics, while users can explore services, eligibility, rules, and donate items or money. Users can also inquire and contact the home.

### Task Management System

**Tech Stack:** HTML, CSS, JavaScript, PHP, MySQL **Deployment URL:** [taskman.digital](https://taskman.digital)

A task management platform for allocating tasks, managing timelines, and tracking progress across projects and modules. It ensures tasks are completed on time with real-time status tracking, offering a clear overview of task progress and deadlines. The system is designed with a responsive, user-friendly interface for efficient task management.

### 360 Automation Company Website

**Tech Stack:** HTML, CSS, JavaScript, Bootstrap PHP **Deployment URL:** [360acpl.com](https://360acpl.com)

Created a responsive corporate website to showcase 360 Automation's services, mission, and career opportunities, with interactive elements and smooth navigation for enhanced user engagement.

### Swapn Purti Cars Pvt Ltd Company Website

**Tech Stack:** HTML, CSS, JavaScript, PHP, Bootstrap **Deployment URL:** [Swapputicarspvtld](https://Swapputicarspvtld)

A responsive website designed to showcase Swapn Purti Cars Pvt Ltd's car listings, services, and customer support, providing an intuitive and user-friendly experience.

---
